MARN STEEL STRUCTURE LIMITED

World class steel structure solution

Pre-Engineered Steel Building Manufacturer

ABOUT US...

MARN STEEL STRUCTURE LTD. is a prominent pre-fabricated steel building manufacturer in Bangladesh with a group of experienced and self recognized professionals.

We are delighted to introduce ourselves as one of the organization doing complete solution of design, detail, Fabrication, supply and erection of modern Pre-Engineered total Building Systems.

We serve in the following field of Industrial, Residential and Commercial structure: Spinning Mills, Composite Mills, Warehouse, Garments Factory, Shoe Factory, Textile Mills, Workshop, Knit-Dyeing, Chemicals, Auto Rice Mills, Auto Bricks, Poultry, Feed Mills, Foods and Beverage, Furniture's, Slaughter House, Car Parking Sheds, Air-Craft Hangers, Hospitals, Residential Buildings, Exclusive Duplex Villa, Educational Institute, Show Rooms, Super Market, Petrol Pump, Commercial and Office Building.

MARN offers one stop solution in steel structure and civil construction. The strength of MSSL is its ability to deliver and serve the clients with understanding their real and delight needs and managing a high quality in steel structure and civil construction within time and budget. The most important resource of **MARN STEEL STRUCTURE LTD.** is its people, their experience along with effective management skills.

FROM THE DESK OF MANAGING DIRECTOR

It is our great pleasure to inform you that MARN STEEL STRUCTURE LTD. has grown as a prominent and remarkable steel structure manufacturer and construction company in Bangladesh. It has an ardent promise to deliver a high standard of products & services for its valued customers with the best business norms and ethics. We have our own architectural and engineering design team who are competent enough to make flexible and readily adjustable design as per the demand and desire of our customers. Our technical team comprises of highly qualified Architects, Engineers and Skilled Technicians who have comprehensive experience and expertise in Design, Fabrication, Erection and Construction of any steel and R.C.C works. We are committed to provide world-class quality services as well as the best quality steel-structure materials. We assure that our services will be attractive, durable and energy-efficient. In our design and specification, we always follow international best practices and BNBC. We also use updated design software's in our Structural analysis. It is our aspiration and belief that all of our customers, well-wishers, stakeholders, bankers and our employees will maintain a friendly relationship with each other and it will improve day by day by our reliability, professionalism and mutual understanding.

We would like to appreciate your interest in MSSL. Once again, we would convey our heartfelt gratitude and gratefulness to all concerned.

VISION

- MARN STEEL STRUCTURE LTD. have to be the most reliable and innovative manufacturer, service and solution provider in the steel structure industry in our country and abroad.
- To develop and improve young engineers to make them expert and efficient in Pre-Engineered Steel Building Sector.
- To offer all technical support to its customers for getting maximum satisfaction.
- To make and establish environmentally friendly product.
- To make brand loyalty product by keeping and holding customers in the true and natural heart.
- To ensure employment facilities for our society that can directly and indirectly contribute our total economy in our country.

MISSION

We ensure best Quality product and services, reasonable price and in time delivery to our Customers by giving them best satisfaction and fill up in commitment with mutual benefit of our business having been emphasized our images, attitudes and perceptions while utilizing innovative technologies within an environment of motivated employees focused on continuous improvement, highest business standards, work ethics and corporate citizenship, leading to added value to our customers.

WHY YOU WILL MAKE STEEL STRUCTURE?

- Shortest Construction Period.
- Protection from Earthquake and wind flow.
- Cost effective.
- Large span for smooth factory arrangement.
- Transferable.
- Easily expanded to any length.
- Manufactured exclusively.
- High re-sellable perfecting for virtually any commercial, Industrial or consumer application.

WHY YOU WILL COME IN MARN STEEL?

- ◉ Own Factory.
- ◉ Secure and Cost-effective design.
- ◉ Experienced technical personnel.
- ◉ Proper planning & Friendly Technical Suggestion.
- ◉ Firm Commitment.
- ◉ High quality workmanship and all time work monitoring.
- ◉ Ensure best quality imported materials.
- ◉ Available pre-fabricated steel buildings accessories
- ◉ We are bonded and fully insured for the customer's protection.
- ◉ We offer one-year warranty on our workmanship at no cost to the customers.

QUALITY

MARN Steel Structure Ltd. all the time emphasizes total Quality management. Its main motto is quality. The Quality Manual details the quality policy, quality system procedures and duties & responsibilities of the key personnel.

MSSL has installed an in-house Quality Assurance (QA) program implementing by the QA Manager through his department and supported by the company management at related personnel.

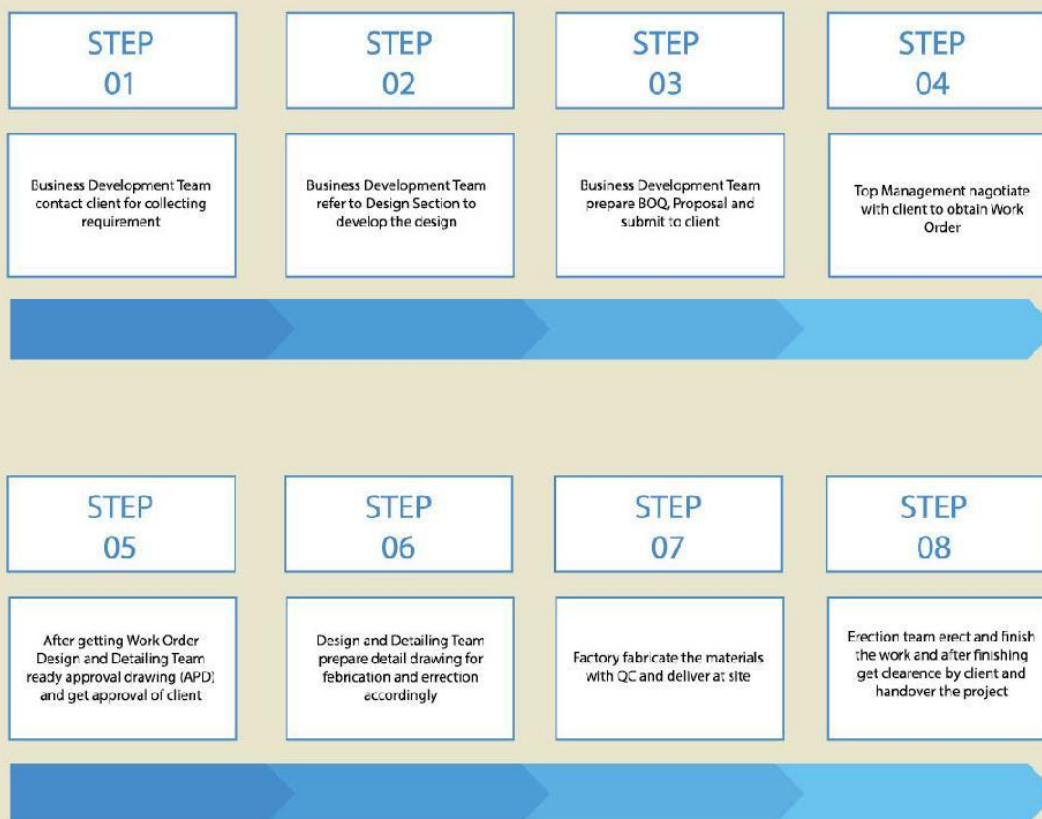

OUR SERVICES

We are high-lighted ourselves because of we already have proved as a best service provider to our customers. All the time we think customer is the king. In the future it will increase dramatically. We heartily think after sells service is very important. The core services are:

- ◉ Precise design with Engineering Flexibility
- ◉ Cost Effective Solution
- ◉ Accurate Fabrication
- ◉ Installation with Expertise
- ◉ Attractive and Versatile Roofing & Cladding Systems
- ◉ Using modern Fabricating Machines
- ◉ Competitive Price, Fastest delivery & Services
- ◉ Uncompromised Quality

ACTION PLAN FLOW CHART

BUSINESS DEVELOPMENT TEAM

We have a group of skilled, efficient, punctual and creative Business Development Team with sufficient engineering knowledge and expertise on modern building solution of steel structure. Our team, generates effective, efficient and innovative ideas for our honorable customers. We have dedicated mentality and our Business Development Team works in a team as such a way that they can meet customers need completely in an optimum way. We provide services to our clients in the straight- way by appropriate design of product & services with best reputation since long time. The Business Development Team looks after the following various marketing activities, ensuring to accomplish the company's vision & mission strategies:

- ⦿ Effective planning
- ⦿ Brand development
- ⦿ Feasibility studies
- ⦿ Market research
- ⦿ Latest market trends & technology for its products competitor
- ⦿ market studies
- ⦿ Exploring new market
- ⦿ Planning and implementing a marketing strategy developing
- ⦿ creative advertisement campaign and promotional literatures
- ⦿ Arranging campaign through various appropriate media
- ⦿ Public relations activities
- ⦿ Participating exhibitions
- ⦿ Seminars, Symposium, Conference

DESIGN TEAM

We have a remarkable Structural Design Team having been skilled, experienced and competently qualified professionals with excellent track record of handling monotonous situations of difficult buildings system to accommodate architectural features. We have strong experienced judgment & good spontaneous feeling to designs structures that are capable of withstand to incremental weather conditions and seismic situations as per latest code of practices. We work closely with each client from concept of reality; design to construction and to owner.

DESIGN CODE

The buildings are designed in accordance with the following codes:

A. Loads are Applied in accordance with:

- BNBC-2006 (Bangladesh National Building Codes)
- MBMA-2005 (Metal Building Manufacturers Association)
- IBC-2006 (International Building Code)
- ASCE-7-05 (American society of Civil Engineers)

B. Hot rolled and built-up Sections are designed in accordance with:

- American Institute of Steel Construction (AISC)
 - * Steel Construction Manual
 - * Design Guide
 - * ASD and LRFD Method

C. Cold-formed members are designed in accordance with:

- AISI- (American Iron and Steel Institute)

D. Welding is applied in accordance with:

- AWS- (American welding society.)

E. Structural Analysis, design and detailing is done by the aid of following softwares :

- STAAD Pro.
- ETABS
- SAP
- 3D Studio Max
- Autodesk Revit
- SketchUp
- CorelDraw
- TEKLA Structures
- Auto Cad
- Micro Station

DETAILING TEAM

MSSL has an experienced team of Detailing Engineers and checkers that use advance AutoCAD/Tekla Structure for drafting, modeling, designing and drawing Steel structures in compliance with AISC and other relevant building codes, according to specifications and client's requirements. Each steel component is virtually detailed to facilitate proper fabrication. Parametric models create a clear visual demonstration of all building components. This intelligent and precise engineering ensures the highest level of build quality and provides an accurate design & detailing process.

QUALITY CONTROL TEAM

All structures of MSSL are designed and manufactured strictly according to international standard specifications ensuring maximum safety and economy by making optimum use of quality raw materials and sheets. MSSL check the raw materials to verify the standard of material supplied as well as to ascertain the quality of manufactured steel structures at various stages. The lab is equipped with all necessary equipments.

- ⦿ All dimensional & weight checking is carried out at factory.
- ⦿ All raw materials required for the product are as per International standard specification.
- ⦿ Quality Manual is maintained as per requirement of ISO.
- ⦿ All welders are tested, trained and certified.
- ⦿ Field tests, like: Dye Penetrate Test, Ultrasonic test etc. are done to ensure highest quality of welding.

ERECTION TEAM

MARN Steel Structure Ltd. has a strong team of engineers who are responsible for erection of pre-fabricated steel structures to its valued clients. It also has a large fleet of experienced and trained foreman and erection workers who are able to face challenges of all kinds of installation difficulties and come out with success and precise quality. To eliminate time and efforts in solving disputes and claims raised by erectors due to delivery issues and mismatches, if any.

CIVIL DEPARTMENT

⊙ Architectural Design

We do conceptual drawing, design, master plan, 3D drawing, RAJUK/ Municipal drawing and aesthetic beauty of the project as per clients requirement with our knowledge, experience and expertise. We maintain all standard codes in BNBC to respond to the project program needs.

⊙ Structural Design

MARN STEEL STRUCTURE LTD. do safe, economic, easy and quick construction design as per BNBC.

⊙ Quantity Surveying

We do planning of our project, by MS project and monitor costs to complete the project with minimum time.

⊙ Project Planning and Progress Monitoring

We do accurate and quick estimate, rate analysis, BOQ, costing and budgeting using our self-made oracle database software.

⊙ Cost Controlling and Monitoring

We manage cash and material flow using MS project and monitor costs by our software.

⊙ Quality Monitoring

We test concrete strength, brick, sand, stone chips, and MS rod from BUET and we also conduct pile integrity test to maintain the quality of construction.

RCC CONSTRUCTION & ROAD CONSTRUCTION

We do layout with total station, Piling (cast in situ/precast), all kinds of foundation and all civil works of single and multistoried PEB with our experienced Engineers. We also construct multi-storied RCC building with basement, internal road, Machine foundation, Harmonize Floor with mechanically powered trowel finish, Land filling, Boundary wall, Sanitary, Electrical and Sewerage works, all internal finishing works, like Mosaic, Tiles, Marble, Wooden door, Aluminium door, Window, False ceiling, Glass door etc. We also construct Govt. organization like as LGED, Education Engineering Department, City Corporation, Roads & Highway, PWD, NAVY, CAAB & BEPZA project.

FACTORY

MARN STEEL STRUCTURE LTD. having been well equipped with modern machinery along with expert engineer and workers actualizes the detailing the fabrication drawing for each member. It has a number of section, like: Cutting, Fitting, Fabrication, Welding, Grinding and Painting.
